December 11, 2015

To all who generously donated:

This is a note to thank you for your generous gift from your Permanent Fund Dividend to the Adult Learning Center. I assure you that your donation will go to aid students in completing a high school diploma, improving their education, or advancing computer skills.

As you know, many of our students depend on the generosity of neighbors like you to succeed. You not only helped the students, but also their families' quality of life and life ahead.

We gratefully acknowledge your generosity and commitment to education. The students and staff thank you for your kindness and consideration.

*Dr. Elizabeth Kane Ed.D*
